What is MESA?

MESA is changing the face of industry by developing a new generation of STEM leaders. Our programs fuel diversity by propelling historically underrepresented students toward STEM degrees and careers.

MESA serves 20,000+ students at the pre-college, community college and university levels throughout California. We bridge classroom learning with real-world applications, and employ rigorous academics, leadership preparation, a peer community and collaborative problem-solving training to produce highly-skilled college graduates who meet 21st century workforce needs.

Who attends SLC?
